

CITI Online Human Research Course: Educational Requirements for Research Activities

All individuals conducting human subjects research at Maimonides Medical Center are required to complete the CITI online human research course. The Collaborative Institutional Training Initiative (CITI) provides web-based education on human subjects research, available for all Maimonides employees and trainees, including residents, fellows, and medical and nursing students, to advance their knowledge of ethics, regulations and principles related to human subjects research.

Follow the instructions below to complete the human subject research certification required prior to beginning your residency at Maimonides. Email irb@maimonidesmed.org if you have any questions.

Instructions

1. Go to the following web site: <https://www.citiprogram.org>.
2. Click on “Register” and enter the requisite information. The participating Institution is Maimonides Medical Center.

The screenshot shows the 'CITI - Learner Registration' interface. At the top, a blue header bar contains the text 'CITI - Learner Registration'. Below this, a grey bar indicates the current step: 'Steps: 1 2 3 4 5 6 7', with the number '1' highlighted in a blue box. The main content area is titled 'Select Your Organization Affiliation'. It includes a red note: 'This option is for persons affiliated with a CITI Program subscriber organization.' Below this is a text box containing 'Maimonides Medical Center'. A blue button with a magnifying glass icon is positioned to the right of the text box. Further down, there is a paragraph: 'Maimonides Medical Center only allows the use of a CITI Program username/password for access. You will create this username and password in step 2 of registration.' Below this are two checked checkboxes: 'I AGREE to the Terms of Service and Privacy Policy for accessing CITI Program materials.' and 'I affirm that I am an affiliate of Maimonides Medical Center.' At the bottom of the form is a large blue button labeled 'Continue To Create Your CITI Program Username/Password'.

3. For Question 1, choose “BioMedical Research Investigator”. a. If you would like to take other optional courses, you can choose them via Questions 2-6. Please note that you may require additional certifications if you end up becoming a member of study staff for clinical trials or Public Health Services funded studies.

CITI Course Enrollment Questions

[View instructions page.](#)

Question 1

Human Subjects Research

Please choose one learner group below based on your role and the type of human subjects activities you will conduct. You will be enrolled in the Basic Course for that group.

- Biomedical Research Investigators: Choose this group to satisfy CITI training requirements for Investigators and staff involved primarily in Biomedical research with human subjects.
- Social & Behavioral Research Investigators: Choose this group to satisfy CITI training requirements for Investigators and staff involved primarily in Social and Behavioral research with human subjects.
- IRB Members: This Basic Course is appropriate for IRB or Ethics Committee members.
- Students conducting no more than minimal risk research
- Research and HIPAA Privacy Protections Module

Question 2

If you want to take Good Clinical Practice (GCP) please make your selection below.

Good Clinical Practice (GCP)

4. Once you have completed all the courses in the Required Module section, please save or print/scan a copy of the completion certificate and send it to Jennifer Hughes at jhughes@maimonidesmed.org.

Please be sure to keep a copy of the certificate as you will be asked by the IRB to submit it to them when you are involved in a study requiring IRB approval.

If you have already completed CITI training through another institution, you will need to affiliate with Maimonides Medical Center to see if your previous training meets the institutional requirements.

Institutional Courses

Institutional Courses are available to learners who have an affiliation with one or more subscribing institutions. If an institution with which you are affiliated is not listed, you may want to [add an affiliation](#). If you are no longer associated with a listed institution, you may want to [remove an affiliation](#).
