### CE activities available for participation:

Enduring CE activities listed under Home Study Programs, are open for participation.

Pharmacist CE credits continue to be uploaded to the CPE Monitor system.

Prescriber certificates are provided via email upon successful completion of the program, please note a copy of your certificate can now be easily accessed by selecting "certificates" in the above navigation bar.

For questions or further assistance please email the CPE Office at [pharmacyce@buffalo.edu](mailto:pharmacyce@buffalo.edu)

#### Welcome to the Office of Continuing Pharmacy Education

The Office of Continuing Pharmacy Education is accredited by the Accreditation Council for Pharmaceutical Education (ACPE). Many of the educational activities are designed and accredited as inter-professional programs as knowledge, application or practice-based offerings. Programs are offered as live and live webinars, as well as home study. Educational offerings are designed to meet changes in legislation, provide updates on guidelines and treatment therapies, and meet the continuing

Summary

Disabled links will become active as you progress through the course.

Thank you for registering for the **Opioid Prescriber Training Program Part II**. You can begin now, or come back and begin the program at a later date. To return to the program later, please go to [www.pharm.buffalo.edu/ce](http://www.pharm.buffalo.edu/ce), log-in on the registration page and select "My Account" located in the upper right hand corner. Then select home studies tab. You do not need to complete the program in one sitting, your progress will be saved as you move through the activity.
