The best care. Right here.

TOP 10 IN THE U.S.
FOR CLINICAL EXCELLENCE

When it comes to health care, the best is right here in Brooklyn

The federal government compares survival rates at every hospital in the nation.

In 2018, 2019, and 2020, Maimonides was rated among the **Top 10 health systems**.¹

Virtual Visits also available for selected services by phone or online. Ask your provider for details.

CENTERS OF EXCELLENCE

HEART & VASCULAR INSTITUTE

Maimonides has long been on the leading edge of heart and vascular care, and today has New York's top-ranked cardiology program

- #1 hospital in the U.S. for heart attack survival²
- A perfect score for Heart Failure care in the most recent *U.S. News & World Report* rankings³
- Vascular surgeons at Maimonides have the lowest complication rates in the Northeast⁴
- Offering the latest minimally invasive treatments for heart valve repair, arrhythmia, and other cardiac conditions
- Nationally recognized for excellence in heart valve and heart bypass surgery

CANCER CENTER

Brooklyn's first free-standing, full-service, nationally-recognized cancer center

- Earned the Commission on Cancer's Outstanding Achievement Award for exceeding standards in all quality measures
- Fully accredited, award-winning Breast Center with the latest advanced diagnostic technology, targeted therapies, and immunotherapies
- First and only hospital in New York State to offer Halcyon — the fastest, most advanced, and precise image-guided radiation therapy technology available
- Prostate Center is the first on the East Coast to offer the next generation of focal HIFU — preserving the prostate while minimizing side effects of cancer treatment

“You can't teach empathy or compassion; you either have it or you don't. In addition to education, we consider how each doctor actually ‘treats’ their patients.”

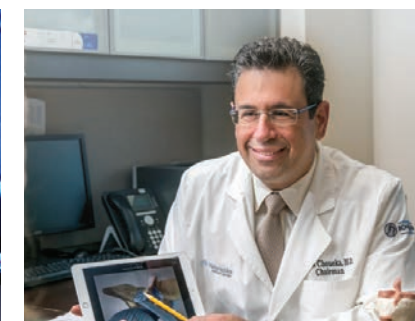

— Patrick Borgen, MD, Chair, Surgery; Director, Breast Cancer Program

STROKE CENTER & NEUROSCIENCES

Full complement of neurological, neurosurgical and neuro-interventional specialties with nation-leading outcomes

- The Jaffe Comprehensive Stroke Center at Maimonides is ranked among the top 1% of hospitals in the U.S. for outstanding stroke survival rates for 3 years running by the federal government.¹
- Highest level of recognition by the American Stroke Association for 12 consecutive years
- Dedicated centers addressing special neurological issues

BONE & JOINT CENTER/SPINE CENTER

Brooklyn's leader in orthopedic and spine care

- State-of-the-art facility, including advanced imaging, minimally invasive surgical services, and physical therapy all under one roof
- Brooklyn's only interdisciplinary comprehensive Spine Center offering image-guided and robotic spine surgery
- Innovative and personalized treatment for adults and children

WOMEN'S HEALTH SERVICES

Maimonides has one of the highest volume maternity programs in New York State, with outstanding clinical outcomes for mothers and infants.

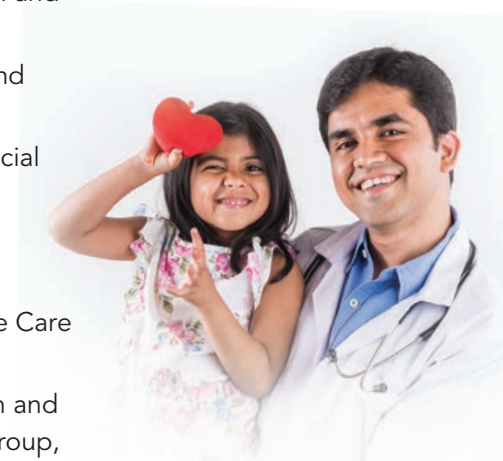

- Advanced Women's Health Services, including Imaging, and Counseling & Genetic Testing at OB/GYN Diagnostic Perinatal Center
- Among the lowest rates of child birth complications in NYC⁵
- Gynecology services, including routine care, family planning, and gynecologic oncology
- Nationally recognized fertility and IVF programs
- Brooklyn's only interdisciplinary Pelvic Floor Center

MAIMONIDES CHILDREN'S HOSPITAL

Brooklyn's only comprehensive Children's Hospital

- Family-centered care in all major medical and surgical pediatric specialties
- Dedicated Pediatric Emergency Room and Brooklyn's only Pediatric Trauma Center
- Child Life program to support psycho-social needs of patients and families
- Brooklyn's largest Pediatric Intensive Care Unit (PICU)
- Nationally recognized Neonatal Intensive Care Unit (NICU)
- Brooklyn's only pediatric cancer program and a member of the Children's Oncology Group, providing patient access to clinical trials
