

New York State Department of Health

Health Equity Impact Assessment Conflict-of-Interest

This Conflict-of-Interest form must be completed in full, signed by the Independent Entity, and submitted with the Health Equity Impact Assessment.

Section 1 – Definitions

Independent Entity means individual or organization with demonstrated expertise and experience in the study of health equity, anti-racism, and community and stakeholder engagement, and with preferred expertise and experience in the study of health care access or delivery of health care services, able to produce an objective written assessment using a standard format of whether, and if so how, the facility's proposed project will impact access to and delivery of health care services, particularly for members of medically underserved groups.

Conflict of Interest shall mean having a financial interest in the approval of an application or assisting in drafting any part of the application on behalf of the facility, other than the health equity assessment.

Section 2 – Independent Entity

What does it mean for the Independent Entity to have a conflict of interest? For the purpose of the Health Equity Impact Assessment, if one or a combination of the following apply to the Independent Entity, the Independent Entity **HAS** a conflict of interest and must **NOT** perform the Health Equity Impact Assessment:

- The Independent Entity helped compile or write any part of the Certificate of Need (CON) application being submitted for this specific project, other than the Health Equity Impact Assessment (for example, individual(s) hired to compile the Certificate of Need application for the facility's project cannot be the same individual(s) conducting the Health Equity Impact Assessment);
- The Independent Entity has a financial interest in the outcome of this specific project's Certificate of Need application (i.e. individual is a member of the facility's Board of Directors or advisory board); or
- The Independent Entity has accepted or will accept a financial gift or incentive from the Applicant above fair market value for the cost of performing the Health Equity Impact Assessment.

Section 3 – General Information

A. About the Independent Entity

1. Name of Independent Entity: Brooklyn Communities Collaborative
2. Is the Independent Entity a division/unit/branch/associate of an organization (Y/N)? N

If yes, indicate the name of the organization:

3. Is the Independent Entity able to produce an objective written Health Equity Impact Assessment on the facility's proposed project (Y/N)?
Y
4. Briefly describe the Independent Entity's previous experience working with the Applicant. Has the Independent Entity performed any work for the Applicant in the last 5 years?

During the COVID-19 crisis, Brooklyn Communities Collaborative (BCC) partnered with Maimonides to design and implement participatory action research on testing and vaccination, including identifying barriers and effective methods of communication. Building off the survey findings, BCC and the Maimonides Department of Population Health worked together on the Testing Provider Partnership (TPP), a one-year grant from the NYC Department of Health and Mental Hygiene to expand and increase COVID-19 testing and vaccination. Under TPP, BCC distributed \$1 Million in grants to 14 community-based organizations working and located in Brooklyn neighborhoods with high transmission and low vaccination rates.

BCC also supports Maimonides in its work focused on diversity and inclusion. BCC worked with Maimonides to assess various avenues to stimulate equitable procurement with a focus on opportunities for increased sourcing from local minority- and women-owned businesses and enterprises (MWBEs). This research included analyzing internal procurement data, discussions with hospital procurement leadership to identify key considerations and near-term needs, and engagement with local businesses, business support organizations, and community leaders. This research ultimately led to a commitment by Maimonides to source 10% of non-clinical goods from local MWBEs by 2030. Since 2022, BCC has worked directly with Supply Chain Management to advance this commitment by providing access to an MWBE directory, identification of MWBEs for short-, medium-, and long-term needs, and connection to Supplier.IO, a third-party supplier diversity platform.

Section 4 – Attestation

I, Shari Suchoff, having personal knowledge and the authority to execute this Conflict of Interest form on behalf of Brooklyn Communities Collaborative, do hereby attest that the Health Equity Impact Assessment for project Relocation of Women's Services Clinic provided for Maimonides has been conducted in an independent manner and without a conflict of interest as defined in Title 10 NYCRR § 400.26.

I further attest that the information provided by the INDEPENDENT ENTITY in the Health Equity Impact Assessment is true and accurate to the best of my knowledge, and fulfills the intent of the Health Equity Impact Assessment requirement.

Signature of Independent Entity: Shari Suchoff

Date: 1/28/24
